

Updating Family Tree Information

The easiest way to provide updates would be to annotate on the respective page of “Xie Descendants List” where the new information or correction is to be inserted. If there is a lot of information to be added, you can make copies of the form below and fill in the information to be added. Also, please indicate where, on the Xie Family Tree, that person is located. Please send the update data to pdare5@comcast.net. You will be contacted when the updated information is ready for review and proofing.

Person Data Sheet

Note: If Chinese name are available, add them (enclosed in parenthesis)
